

POWERPOINT ADVANCED

1 DAY

PREREQUISITE

Firsthand knowledge/ experience of PowerPoint necessary for the advanced topics offered in this course

COURSE CONTENT

Upgrading one's PowerPoint knowledge to become better with PowerPoint is necessary in today's presentation world. Presenting data cannot be done the "old fashion" way. It must be engaging, it must capture the audience's attention, it must clearly define its purpose!

This course offers the student the ability to upgrade their PowerPoint skills, to become more confident as a presentation designer. Enhance the layout, easily summarize content, maps, charts and infographics using the advanced tools within PowerPoint.
